RESCON SUMMIT

We are excited to announce our upcoming event in New York on September 28-29 2023, focused on innovations in the respiratory sector and connected devices. This event will bring together key industry experts and thought leaders to discuss the latest trends in Sustainable Inhalation devices, Inhaled mRNA Therapy, and other cutting-edge technologies to overcome lung and pulmonary conditions such as COPD, asthma and cystic fibrosis. With over 25 sessions, attendees will also gain insights on on-body device design and development for large volume delivery while engaging in the latest digital applications for wearable devices.

Inhalation & Respiratory
Drug Delivery

Learn The Key Practical Points

Our event will also cover a range of practical topics, including Digital health combination products, Analytical tools for inhaled medicines, Market challenges in inhalation and respiratory drug delivery, Regulatory updates in the global respiratory market, Inhaled drugs through FRI and artificial intelligence AI, Artificial Intelligence in Inhalation Medical Devices, Smart Inhalers and Medical Device Design Strategy. The event will be held in a special venue chosen by our team, providing ample opportunities for networking and forging connections with peers in the industry. We are expecting 100 attendees from leading pharmaceutical and biotechnology companies, including Members of board, C-level, Senior Vice Presidents, Vice Presidents, Directors and Heads of departments. Don't miss this unique and unforgettable event, where you'll have the opportunity to learn about the latest innovations in the respiratory sector and connected devices and connect with other industry leaders. We look forward to seeing you there!

- Inhaled mRNA Therapy.
- Emerging trends and investment opportunities in inhalation therapies.
- Novel technologies for pulmonary & nasal delivery.
- Sustainability in Inhaled Drug Delivery.
- Advancements in eco-friendly inhaler materials and manufacturing processes.
- Digital health combination products.
- Analytical tools for inhaled medicines.
- Market challenges in inhalation and respiratory drug delivery.
- Regulatory updates in the global respiratory market.
- Innovation in nebulised therapy.
- Nanotechnology-Assisted Metered-Dose Inhalers.
- Inhaled drugs through FRI and artificial intelligence AI.
- Dry-powder inhalers (DPIs) and Metered-dose inhalers (MDIs).
- Analytical insights into dry powder formulations for inhalation.
- Optimizing drug delivery with Soft Mist Inhalers.
- Challenges of developing a generic inhaled product.
- Identification and characterization of extractable and leachable compounds in drug products and packaging materials.
- Intellectual property considerations in the commercialization of respiratory technologies.
- Modern manufacturing design technologies.
- Investment strategies in connected respiratory devices.
- Funding innovations in respiratory drug delivery startups.
- Regulatory pathways and compliance for combination products.
- On-body Delivery System Design and Development.
- Human factors engineering in combination product design.
- Behaviour design for digital health solutions.
- Commercialization for wearable drug delivery devices.
- Patient-centric approaches in the commercialization of inhalation therapies.
- Market access strategies for inhalation therapies.
- New Technologies for Treatment of Sleep Disordered Breathing.
- Artificial Intelligence in Medical Devices.
- Trends and the Future of Medical Devices.
- Medical Device Design Strategy.
- Regulatory and legislative landscape.
- Tracking Asthma With Smart Inhalers.
- Device Manufacturing: Shifting Supply and Demand.
- Using patient centric design to develop engaging patient medical device training.

Meet The Speakers

Jeffry Weers

Chief Technology Officer at cystetic Medicines, Inc.

Jaap Wieling

Chief Executive Officer at PureIMS

Philip Kuehl

Senior Scientist at Lovelace Biomedical

Kalpita Mehta

Principal Combination Product and Medical Device Expert at Hikma Pharmaceuticals Inc.

Katharina Schwarz

Head Aerosol Technology and Aerosol Biophysics at Fraunhofer Institute

Laura Rotolo

Formulation Chemist at Emory University

Thomas Hofmann

Chief Scientific Officer at Mannkind Corporation

Michael Eakins

Principal Consultant at Eakins & Associates

Gerald Smaldone

Professor of Medicine, Physiology and Biophysics at Stony Brook University Medical Center

Dajuan Lu

Manager/Global Leader-E&L at SGS

Hugh Smyth

Professor at The University of Texas at Austin

Beth Laube

Professor Emerita at the Johns Hopkins School of Medicine

Vivek Gupta

Associate Professor, and Scientific Founder at St. John University

John Patton

Head of Kindeva's Scientific Advisory Board

Nitesh Kunda

Assistant Professor, Industrial Pharmacy & Pharmaceuticals at St. John's University

Rita Lee

Principal Consultant at Suttons Creek, Inc.

David Edwards

Founder at FEND

Sriman Banerjee

Head of packaging & commercial devices at Takeda Pharmaceuticals

David Cipolla

VP of Research at Insmed Incorporated

Scientific Agenda

DAY 0 SEP 27.2023

18:00 - 20:00 Pre-Conference
Cocktail Reception

DAY 1 SEP 28.2023

08:30 – 08:50 Welcome Coffee &
RESCON Summit
Registration

08:50 – 09:00 RESCON Summit
Opening Speech

09:00 – 09:30 Inhaled Gene Therapies:
Challenges, Approaches
and Opportunities for
Inhaled Delivery

By **Philip Kuehl** Senior
Scientist at Lovelace
Biomedical

09:30 – 10:00 Challenges for
Development of Inhaled/
Intranasal Biologic Products

By **David Cipolla** VP of
Research at Insmad
Incorporated

10:00 – 10:30 Solving Problems in Aerosol
Delivery: Breath Enhanced
Jet Nebulization

By **Gerald Smaldone**
Professor of Medicine,
Physiology and Biophysics
at Stony Brook University
Medical Center

10:30 – 11:00 Morning Coffee Break &
Sponsor's Presentation

11:00 – 11:30 Advances in Managing
Extractables and
Leachables for Inhalation
Products: Ensuring Safety
and Compliance

By **Dujuan Lu** Manager/
Global Leader-E&L at SGS

11:30 – 12:00 Requirements for
Intra-nasal Sprays and
innovation landscape

By **Sriman Banerjee** Head
of packaging & commercial
devices at Takeda
Pharmaceuticals

12:00 – 12:30 Connected Health
Opportunities and
Complexities of for
Inhalation Devices to
Consider Prior to Starting
Development

By **Rita Lee** Principal
Consultant at Suttons
Creek, Inc.

12:30 – 13:00 "Emergency-use" nasals:
Technical and reliability
considerations

By **Kalpita Mehta** Principal
Combination Product and
Medical Device Expert at
Hikma Pharmaceuticals Inc.

13:00 – 14:00 RESCON Business Lunch

14:00 – 14:30 Learnings and advances
with targeted lung delivery
in NTM (nontuberculous
mycobacteria) lung disease
and IPF (idiopathic
pulmonary fibrosis)

By **Thomas Hofmann** Chief
Scientific Officer at
Mannkind Corporation

14:30 – 15:00 Integrated in vitro/ex vivo
assessment of efficacy and
respiratory toxicity for
accelerated respiratory
drug development

By **Katharina Schwarz**
Head Aerosol Technology
and Aerosol Biophysics at
Fraunhofer Institute at Stony
Brook University Medical
Center

15:00 – 15:30 Inhalation Drug Products
and Packaging Quality:
Exploring USP General
Chapters and Future
Developments

By **Michael Eakins**
Principal Consultant at
Eakins & Associates

15:30 – 16:00 Afternoon Break &
Sponsor's Presentation

16:00 – 16:30 Panel Discussion:
Regulatory Initiatives and
Considerations in Inhaler
Technologies

16:30 Closing Remarks & End
of the RESCON Summit
1st day

19:30 – 22:00 RESCON Gala Dinner

09:00 – 09:30 Registration & Morning Coffee

09:30 – 10:00 Inhalation delivery for respiratory and systemic indications using Cyclops™, an innovative patient-centric high-dose DPI

By **Jaap Wieling** Chief Executive Officer at PureIMS

10:00 – 10:30 Topic to be announced (Harro Höfliger Presentation)

10:30 – 11:00 Morning Coffee Break & Sponsor’s Presentation

11:00 – 11:30 Layer-by-Layer Assembled Systems for Localized Lung Delivery of Therapeutic and Diagnostic Agents

By **Vivek Gupta** Associate Professor, and Scientific Founder at St. John

11:30 – 12:00 The Role of 3D Models of Human Intranasal Airways in Preclinical Studies of New Nasal Delivery Products

By **Beth Laube** Professor Emerita at the Johns Hopkins School of Medicine

12:00 – 12:30 New species agnostic polymeric nanoparticles for inhalable mRNA across six animal species

By **Laura Rotolo** Formulation Chemist at Emory University

12:30 – 13:00 Panel Discussion: Advancing Inhaled/ Intranasal Biologic Products: Integrating Sustainability into Development, Manufacturing, and Delivery

13:00 – 14:00 RESCON Business Lunch

14:00 – 14:30 Novel dry powder nebulizer

By **Hugh Smyth** Professor at The University of Texas at Austin

14:30 – 15:00 Analytical Insights into DPI Formulations

By **Jeffrey Weers** Chief Technology Officer at cystetic Medicines, Inc.

15:00 – 15:30 Inhaled Insulin: from dry powder to liquid connected device

By **John Patton** Head of Kindeva’s Scientific Advisory Board

15:30 End of RESCON Summit 2023

ONLINE REGISTRATION

By sending this form, I confirm that I have read and accepted the terms and conditions detailed below.

Confirmation
We will confirm your participation after receiving the signed registration form the delegate will receive the invoice within 24h of sending the signed form. The hotel details will be sent 2 or 3 weeks before the start of the conference.
Cancellations
Cancellations made one month prior to the start of the conference will be refunded less 50% administration charge. Refunds will be made after the conference. Cancellations made within one month of the conference start date will receive no refund. Substitutes are accepted up to 3 days before the conference. Any cancellation will be accepted latest one month before the event and should be informed in written form.

Force Majeure
While every reasonable effort will be made to adhere to the advertised package, EPM Group reserves the right to change event dates, sites or location, omit event features, or merge the event with another event as it deems necessary without penalty and in such situations no refunds, part refunds or alternative offers shall be made (including, but not limited to any force majeure occurrence) and provided that the event is not postponed to a later date nor is it merged with another event, the client shall receive a credit note for the amount that the client has paid to such permanently canceled event. No refunds, part refunds or alternative offers shall be made.
Copyright
All Intellectual Property rights in all materials produced or distributed by EPM Group in connection with this event are expressly reserved and any unauthorized duplication, publication or distribution is prohibited.

Sky-high views in Midtown Manhattan

MILLENNIUM HILTON NEW YORK ONE UN PLAZA One UN Plaza New York 10017 USA

Nestled within the iconic United Nations headquarters in Manhattan, the Millennium Hilton New York One UN Plaza is a beacon of luxury and sophistication. This distinguished hotel offers an unmatched blend of style, comfort, and convenience, making it an ideal choice for travelers and event organizers alike. As you step into the Millennium Hilton, you're immediately embraced by an aura of timeless elegance. The lobby's modern design, featuring sleek lines and contemporary art, seamlessly marries with the hotel's rich history and prestigious location. One of the hotel's most captivating features is its unparalleled views. From many of the rooms and event spaces, guests are treated to breathtaking vistas of the East River, the iconic Chrysler Building, and the awe-inspiring city skyline. These views create an unforgettable backdrop for any stay or event, making every moment truly extraordinary.
